

OHS Policy

Sohar Industrial Port Company (SIPC) Senior management team commits to:

- Fulfill high commitment through total involvement of all SIPC's employees and interested parties with continual improvement of OHS management system.
- Identify, prevent, control, and minimize adverse risk associated with operational activities.
- Develop and maintain a highly motivated and trained workforce for effective management of the OHS issues.
- Strive to continually improve OHS performance considering the legal requirement, Health & Safety requirements, community concerns, and technological advancements.
- Adopt the best practice of operations to prevent ill health & work-related injuries.
- Provide a framework for setting the OHS objectives and communicate them with interested parties.
- Fulfil Oman's OHS legal requirements and other relevant OHS standards.
- Ensure consultation and participation of workers on matters related to OHS issues.

OHS Objective

By continually improving the OHS Management System, SIPC is committed to achieve excellence in OHS performance that comply consistently with Sultanate of Oman regulations and international best practices.

OHS Mission

SIPC maintains transparent communication with all stakeholders to manage the OHS within the working environment. We support the responsible stewardship of human resources in the workplace where responsible stewardship, combined with a continual improvement process, makes possible sustained economic development and an improved quality of life.

We are committed to "A SAFE AND HEALTHY WORKPLACE"
