

Marine Services

Introduction

SOHAR Port is a strategically located deep-sea hub at the crossroads of global shipping routes, enabling efficient vessel access across the Gulf, Indian subcontinent, and beyond.

Through its fully integrated port and freezone model, SOHAR delivers seamless marine operations within a single, connected ecosystem-designed to enhance turnaround efficiency, reduce operational complexity, and support a wide range of vessel requirements.

Why SOHAR for Marine Services

- Competitive and cost-efficient marine service ecosystem.
- Streamlined processes through a dedicated Marine One-Stop-Shop (MOSS).
- Scalable infrastructure accommodating diverse vessel types and operations.
- Reliable, year-round operating conditions with minimal disruption.

Key Highlights

- >3,000 vessel calls annually.
- Up to 10 days free anchorage stay with depths of 30–60m (4–10 NM offshore).
- 2–3 hour connectivity to major logistics hubs (Muscat & Dubai).
- Layby berths accommodating vessels up to 220m LOA.
- ISO-compliant MFM bunkering system (effective 2025).

Bunkering & MARPOL Services

SOHAR Port provides reliable bunkering services through a network of approved suppliers, ensuring competitive pricing, product availability, and efficient turnaround.

Our dedicated MARPOL-compliant waste treatment facility supports safe, efficient, and environmentally responsible waste collection and processing in line with international standards.

Additional Marine Services

- Mass Flow Meter (MFM) Bunkering.
- Implementation of ISO-compliant MFM systems enhances transparency, accuracy, and trust in bunker fuel supply operations.
- Crew Change & Logistics.

- Efficient crew change operations can be completed within 2–3 hours via Muscat and Dubai, supported by strong regional connectivity.
- Seafarer Welfare Services.
- A duty-free shop and seafarers club provide essential services and convenience for crew members during port stay.

Anchorage & Layby Solutions

SOHAR offers flexible anchorage and layby options designed to support a wide range of vessel operational needs.

Anchorage Areas

Depths ranging from 30 to 60 meters, located 4–10 nautical miles offshore, suitable for vessels of all sizes.

Ideal for Waiting and lay-up, Minor repairs and maintenance, Hull cleaning, Ship-to-ship transfers (STS), and Floating storage.

Layby Services

Dedicated berthing facilities accommodating vessels up to 220 meters LOA.

Ideal for Maintenance and inspection, Cleaning and minor repairs, and Temporary berthing and operational support.
